The Harold Wood Hill Park Residents' Association puts you and your area first and your local Councillors are available to you 24/7. We are an **independent organisation** and are not affiliated or connected to Havering Residents Association (HRA).

While other councillors and candidates talk, our **actions** are quite **clear!** See what we have done (though, we have achieved much, much more and there is more to do!)

Over the last few years, the Harold Wood Councillors (Brian Eagling, Martin Goode and Darren Wise) have been nothing but supportive of Lewis and I in what has been a traumatic period. They really have gone above and beyond. I would highly urge all of Harold Wood to come out to support and vote for them as we do not want to lose our councillors. They really do make a difference and are a great asset to our community.

On behalf of The Harold Wood Foundation, I have really appreciated the support from Brian Eagling, Martin Goode, and Darren Wise over recent months. They are always keen to help the community and have demonstrated this with their active defence to prevent the closing of Harold Wood Library. They advocate for residents and were instrumental in gaining approval from the council for the installation of artwork at the station entrance. I therefore encourage the community to continue their support for Brian, Martin and Darren in the forthcoming elections.
